

# POWERTRAIN Industrial Engines

## 50 kW Prime Power Oilfield Continuous Duty Generator

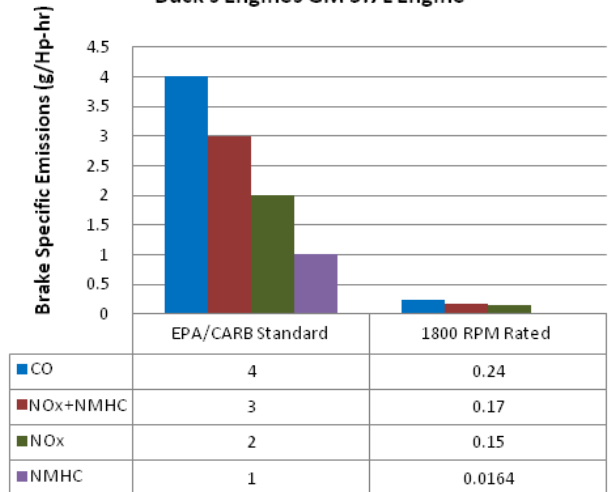

### Product Specifications

#### Engine and Generator Specifications

Model.....5.7L Vortec  
 Emissions.....US EPA Emission Certified  
 Fuel Type.....Natural Gas w/Elec. Governor  
 Fuel System.....Closed-Loop Fuel System  
 Catalyst.....Three Way  
 Displacement .....5.7 Liter (350 cu in.)  
 Compression Ratio .....9.4:1  
 Intake Air.....Naturally Aspirated  
 Type.....Stamford  
 Voltage.....480/277  
 Load Capacity (Prime Power)..... 50 kW  
 Weight ..... 1800 Lbs
