

POWERTRAIN Industrial Engines

80 kW Prime Power Oilfield Continuous Duty Generator

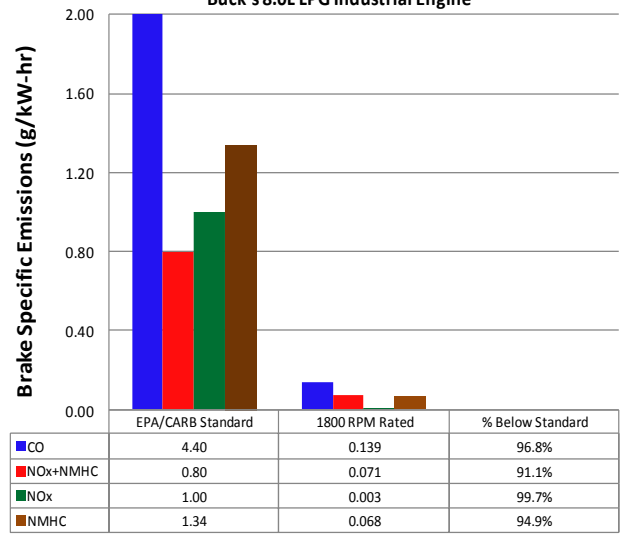

Product Specifications

Engine and Generator Specifications

Model..... Buck's 8.0L
 Emissions.....US EPA Emission Certified
 Fuel Type.....Natural Gas w/Elec. Governor
 Fuel System.....Closed-Loop Fuel System
 Catalyst.....Three Way
 Displacement8.0 Liter (488 cu in.)
 Compression Ratio9.5:1
 Intake Air.....Naturally Aspirated
 Type..... Stamford
 Voltage..... 480/277
 Load Capacity(Prime Power)..... 80 kW
 Weight 2200 Lbs

ISO 8178 D2 Cycle Emissions Test Results Buck's 8.0L LPG Industrial Engine
